Dr. Aron Sousa
Associate Dean for Academic Affairs
College of Human Medicine
Michigan State University

Dear Doctor Sousa:

This letter is to introduce Mr. Sergio Solano, an official of the Faculty of Medicine of the University of Costa Rica, who we expect will be the Coordinator of the new Master's Program in Health Sciences Education.

Mr. Solano will be accompanied by Mr. Jorge Granados, professor of the Department of Biochemistry of the School of Medicine, and Director of the Laboratory of Biological Essays of this University. Mr. Granados is an important collaborator in our project to develop a Master's Program.

Mr. Solano, and Mr. Granados will be visiting Michigan State University to discuss ways in which our two institutions might cooperate in different health education areas, principally for the purpose of establishing the new Master Program that we are currently proposing.

I am grateful for your interest and support in these matters and I would appreciate whatever assistance you might be able to give to Mr. Solano and Mr. Granados during their visit your School of Human Medicine in East Lansing.

Sincerely,

Dr. Luis Diego Calzada Castro
Dean
