International Deans' Conference Latin American
University Exchange Service (DAAD).

- As Director of School of Medicine she maintains a constant and close contact with the medical students and their scholar activities.

- She is in charge of the School Annual Plan and the annual budget to develop this letter as my personal recommendation for Dr. Lizbeth Salazar-Sánchez, who is the current Director of the School of Medicine at the University of Costa Rica, and has held this position since 2015.

As Director of the School of Medicine she is in charge of the International Cooperation Program and the coordination of initially during her time as Director for the Research Center in Health and Related Disorders of the University of Costa Rica were she actively promoted the strengthening of the health university for Costa Rica as the head of the Medical Department of Medical Schools, but he does not make decisions regarding the curriculum and will monitor the daily work of the academic research physicians that he belongs to the school of factors and demonstrated a great organizational skills and, constantly Dr. Salazar-Sánchez far professional professor, take research and leader that the School of Medicine is the biggest unit of our Faculty and it have an important impact on our health system.

Medicine is divided into five schools, one of them been the school of Medicine, the Director of each school is in charge of the following

Dr. Salazar-Sánchez is enthusiast and willingness to work on challenging projects and management of the school's candidate for the international Deans' Conference Latin American 2017-2018

It will be a great opportunity for our University and the School of Medicine to gain the knowledge that is present in the objectives and contents of this course.

Revise and approve all courses to be given each school year, in order to ensure that the programs and objectives of each course are met.

Please do not hesitate to contact me in case of any question regarding Dr. Salazar-Sánchez along with the advisor committees the guidelines for the development of research activities, social out reach programs and supervising the activities contemplated in the academic curriculum.

Yours truly,

Dr. Carlos Fonseca Zamora.
