Dr. Carlos Fonseca Zamora
Decano
Facultad de Medicina

Estimado señor Decano:

Por este medio, solicito permiso con goce de salario del 6 al 13 de julio del año en curso, con el fin de asistir al 2017 Congress of the International Society on Thrombosis and Haemostasis, en Berlín, Alemania, en donde presentaré el trabajo *"Hemophilia A and B in Costa Rica – An Update of the National Register"*, producto del proyecto de investigación: *"Proyecto centroamericano para el estudio molecular de las enfermedades hemorrágicas hereditarias"*.

Considerando que esta actividad fortalece la investigación y docencia de nuestra Unidad Académica, por el conocimiento generado a nivel internacional en este campo, agradezco el apoyo a esta solicitud.

Con toda consideración,

Dra. Lizbeth Salazar Sánchez
DIRECTORA

XXVI ISTH Congress and 63rd Annual Scientific and Standardization Committee (SSC) Meeting

ISTH 2017 Congress
July 8-13, 2017, Berlin, Germany

Letter of Invitation

Dear Dr. Salazar-Sanchez,

On behalf of the International Society on Thrombosis and Haemostasis, I am pleased to invite you to attend the XXVI ISTH Congress and 63rd Annual Scientific and Standardization Committee (SSC) Meeting to be held at City Cube Berlin and Messe Berlin Exhibition Grounds from July 8-13, 2017.

The Congress will feature over 200 lectures including plenary and parallel sessions presented by well-known international experts in our field.

As a result of your recent registration to the 2017 ISTH Congress, this letter is provided as an official invitation to facilitate the process of obtaining a visa or other travel documents needed to enable you to attend the Congress.

This Letter of Invitation does not commit neither the organizers nor the secretariat to any kind of financial support or hosting arrangements, nor does it guarantee an entry visa to Germany.

If an entry visa is required, please allow sufficient time for the application procedure. We recommend that you allow at least twelve weeks' time prior to the Congress. The process may take longer in certain countries so we therefore suggest that you contact your nearest German embassy or consulate to determine the appropriate timing of your application.

Due to the large number of international delegates expected, every Letter of Invitation is signed using an authorized, electronically scanned signature. We kindly ask the embassies and consulates to accept the signature on this letter in conjunction with the official Congress letterhead and consider this Letter of Invitation as a valid document originating from the International Society on Thrombosis and Haemostasis.

Any inquiries relating to this Letter of Invitation should be directed to the K.I.T. Group GmbH, the official registration and accommodation agency appointed by the International Society on Thrombosis and Haemostasis.

We look forward to welcoming you in Berlin!

p.p. Charline Richard

Confirmation of abstract presentation

XXVI Congress of the International Society on Thrombosis and Haemostasis and
63rd Annual Scientific and Standardization Committee (SSC) Meeting
July 8-13, 2017, Berlin, Germany

Please note:
The confirmation deadline is
1 May 2017

Any author changes (additions,
removals) cannot be undone
using the RESET function.

Abstract no: A-859-0041-01425

Abstract title: Haemophilia A and B in Costa Rica - An Update of the National Register

New Abstract no: PB 1991

If you want to delete an author,
please contact
isth2017@abstractserver.com

CONFIRM PRESENTATION:

- ☒ I confirm that this abstract will be presented at the XXVI Congress of the International Society on Thrombosis and Haemostasis and 63rd Annual Scientific and Standardization Committee (SSC) Meeting by Salazar-Sanchez L.
As presenting author I know I must be registered for the Congress in order for the abstract to be presented.

CHANGE PRESENTER:

- ☐ I confirm that this abstract will be presented, but the presenting author has to be changed.
Please choose the new presenting author from the list below (tick the Pres.Author option).

ISTH 2017 Program Topics

ISTH 2017 will be the premier scientific event in the field of thrombosis, hemostasis and wider benign hematology. The event will address the immediate and future scientific, laboratory and clinical opportunities and challenges.

ISTH meetings accomplish this by bringing together thousands of clinicians and researchers as well as young scientists, nurses and allied health professionals from around the globe who present their latest discoveries to advance the scientific understanding and translate scientific knowledge into new approaches to diagnosis and treatment of thrombotic and bleeding disorders.

The outstanding congress program will foster this sharing of knowledge and advancing scientific discoveries through an extensive line-up of educational sessions, poster and oral communications, state-of-the-art lectures, medical industry exhibits and professional networking opportunities.

The following areas in thrombosis and hemostasis will be covered:

- | | |
|--|-----------------------------------|
| • Atherothrombosis & Stroke | • Nurses and Allied Health |
| • Coagulant & Anticoagulant Mechanisms | • Pathogenesis of Thromboembolism |
| • Coagulation Signaling & Immunity | • Pediatrics |
| • Diagnostics and OMICs | • Platelets – Basic |
| • Fibrinolysis & Proteolysis | • Platelets – Clinical |
| • Hemorrhagic Disorders, Hemophilia | • Transfusion & Biotherapeutics |
| • Management of Thromboembolism | • Vascular Biology & Angiogenesis |
