Escuela de Medicina: Baluarte en la formación de médicos para la sociedad costarricense

30 de agosto del 2012

EM-SA-581-08-2012

Dr. Luis Diego Calzada Castro
Decano
FACULTAD DE MEDICINA
Presente

UCR FM 16:18 31/08/12

Estimado señor decano:

Esta Dirección eleva ante el Consejo Asesor de Facultad, la solicitud de permiso con goce de salario planteado por el Dr. Carlos Fonseca Zamora, profesor del Departamento Clínico en Hospital San Juan de Dios, el cual solicita el permiso por 1/2 TC, plaza en propiedad. Dicho permiso lo requiere con el fin de llevar a cabo la visita científica al Servicio de Medicina Nuclear de la Universidad de Brescia, en Italia

El período de solicitud del permiso rige del 01 al 15 de setiembre del 2012.

Este permiso cuenta con el aval de la Asamblea de Escuela, en sesión N° 195 y celebrada el día 29 de agosto del corriente.

Agradeciendo la atención brindada, suscribe atentamente,

Dr. Ricardo Boza Cordero
Director
Escuela de Medicina

Estimado Dr. Boza:

Me permito solicitarle interponga sus buenos oficios para que se me conceda permiso con goce de salario del 1 al 15 de setiembre del 2012. Con el fin de poder llevar a cabo visita científica al Servicio de Medicina Nuclear del Hospital Civil de Brescia, Italia, bajo la supervisión del profesor Raffaele Giubbini, Director del Servicio de Medicina Nuclear de la Universidad de Brescia.

Esta visita científica se enmarca en el programa de cooperación internacional que el Servicio de Medicina Nuclear del Hospital San Juan de Dios mantiene con el Organismo Internacional de Energía Atómica.

Atentamente,

Dr. Carlos Fonseca Zamora

To All who may be concerned

Eg: SCIENTIFIC VISIT OF
**MR. FONSECA ZAMORA &
MR. GONZALEZ SOLANO**
TO THE NUCLEAR MEDICINE DEPARTMENT, SPEDALI
CIVILI UNIVERSITY HOSPITAL, BRESCIA, ITALY

We are glad to inform that we have accepted the application of Mr
Mr. Fonseca Zamora e Mr. Gonzalez Solano
for a training program at the Spedali Civili- University of Brescia
Nuclear medicine Dpt.

Purpose of the training: " advances in Cyclotron and
Radiopharmacy Units".

The department of nuclear medicine is certified by The Europea
Union of Medica Specialist as a training center and it has a
consolidated experience in training physicians, physicists and
radiopharmacists in radionuclide therapy, PET/CT, Cyclotron and
radiopharmacy technologies.. The dpt has accepted trainees from
Albania, Egypt, Jordan, Makedonia, Serbia, Pakistan, Malesia
Bangladesh, Bulgaria, Algeria.

The candidates to the fellowship must have considerable
experience in Nuclear Medicine and a basic knowledge in
radioprotection and radiochemistry.

The Dpt is equipped with a 17 MeV cyclotron with targets for F18, C11, N13H3, 3 double way modules for 18F-FDG synthesis and another for 11C-methionine-choline. Furthermore Beta-cells are available for labelling tracer for radionuclide therapy. Two state of the art PET/CT. The radiopharmacy is organized according to GMP rules.

After the completion of the training program the trainees will be able:

1. to operate safely in the cyclotron-radiopharmacy units, knowing the significance of gradual depression of atmospheric pressure in the corridors and surroundings till the lowest level of pressure at the site of the cyclotron. The trainees will know that these changes in pressure are controlled by a highly equipped room with real time monitoring and they will be aware on how to operate in case of accident. The candidates will be instructed on the special care that is required for preparation and handling of radiopharmaceutical with high radiotoxicity (beta-emitters). to operate in the radiopharmacy laboratory which is equipped with hot cells for the automatic production and preparation of the dose for each patient. The radiopharmacy is fully computerized with complete sterilization and very low exposure to radiation for the workers. Vials and syringes come out from hot cells with laminar flow in lead shieldings. Moreover the radiopharmacy provides radiopharmaceutical for radionuclide therapy, with in house

Dear Mr. Fonseca Zamora,

We were pleased to learn that you accept the scientific visit to Italy and are able to travel on the dates arranged.

The following are the final instructions for your visit. Our travel agency American Express will be authorized to send you your electronic pre-paid air ticket San José – Madrid – Milan – Madrid – San José, you should contact the airline's counter at the airport to obtain your boarding pass. For questions concerning the issue of your ticket please get in touch with our travel agent, American Express, Vienna, phone: +43 1 2600 23070, facsimile: +43 1 2600 23050 or e-mail: IAEAnonstaff@ax-travel.at. It is important to make advance enquiries with the airline or check the internet with regard to travel restrictions, particularly on hand luggage, at the airports you will be travelling through.

Your itinerary is as follows:

MR FONSECA ZAMORA, CARLOS - Reservation No: 603MBQ

2 DL 414 H 01SEP 6 SJOATL HK1	0700 1302
3 DL 074 H 01SEP 6 ATLMXP HK1	1635 0805+1
4 DL 075 L 15SEP 6 MXPATL HK1	0950 1430
5 DL 413 L 15SEP 6 ATLSJO HK1	1745 1942

NOTE: From Milano Centrale train station you may take the train to Brescia (please see the following link <http://www.trenitalia.com/>)

All visa - *including transit visa* - requirements are your responsibility and you should submit your application in a timely manner. In case you encounter a problem obtaining your visa due to health insurance coverage issues, please send an e-mail to TC.Vanbreda@iaea.org to obtain an insurance certificate from Vanbreda International in order to prove that you have health insurance during the period of training.

The UNDP Office in your home country is being authorized to pay your travel grant covering the entire period of your visit (contingency allowance and local transportation included), totalling US \$2232. *Please contact the UNDP office in San Jose to receive your travel grant prior to your departure to Italy.*

You are requested to confirm your arrival details to Ms. Federica Delconte at ICTP and to your supervisor at the host institute, indicating to your supervisor, Mr. Giubbini, whether you will require a hotel reservation.

AUTHORITY AT ICTP: Ms. Federica Delconte, Abdus Salam International Centre for Theoretical Physics (ICTP), Tel. +39 040 224 0 9932, Fax: +39 040 2240 7932, E-mail: iaecafellow@ictp.it

HOST INSTITUTE: Medicina Nucleare, Spedali Civili di Brescia, Piazza Spedali Civili 1, 25124 Brescia, Italy; **SUPERVISOR:** Prof. Raffaele Giubbini, Tel. +39 030 3995400, Fax: +39 030 3995420, E-mail: giubbini@med.unibs.it
